To Whom It May Concern,

I am writing today in support for Lake Pointe Resource Center, Community Outreach Program and Therapeutic Education Programs. I am Coke Beatty, Executive Director of Pecan Valley Centers (PVC) and I have had many occasions to see the excellent work performed at Lake Pointe Resource Center. PVC is the Local Mental Health and IDD Authority here in this community and is acutely aware of the need for these services. I have found the work that Lake Pointe does is invaluable to the community, families and the system of care in this area. The needs are great and the funding is insufficient to meet the needs. Lake Pointe does a great job meeting the needs of youth and adolescents with autism and providing support to their families.

I support any special funding that could be made available to enhance and continue their work.

Best Regards,

Coke Beatty
Executive Director
